

# Getting My COVID-19 Vaccine

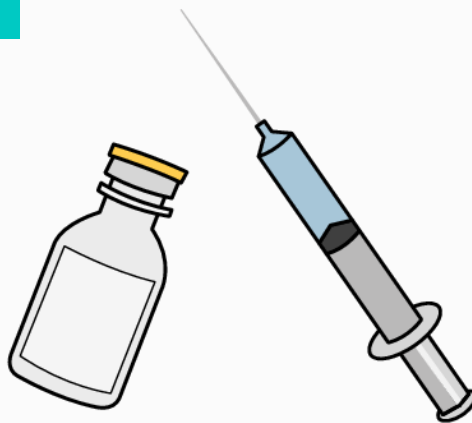

## CONNECT TO PROTECT

1

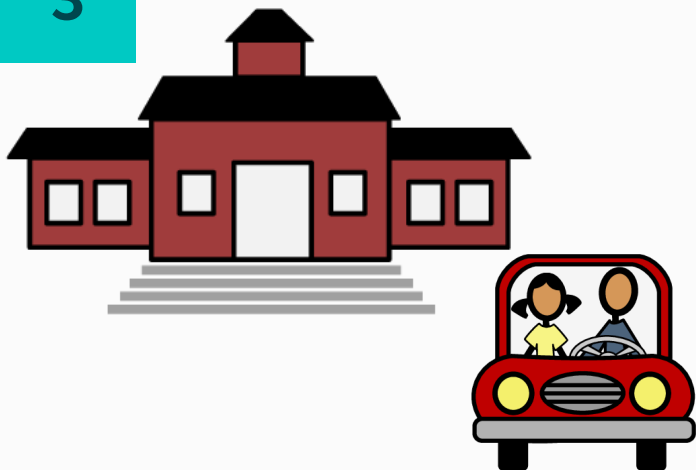

I want to protect myself and people around me from getting sick from COVID-19.

2

A vaccine is a medicine that gets put into my arm to protect me from getting sick from COVID-19

3

I can get a COVID-19 vaccine at the Treffert Center. We will drive to the Treffert Center.

4

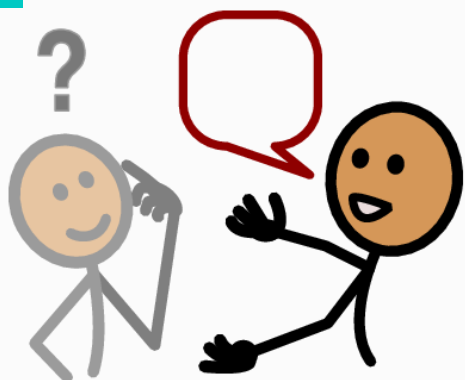

I will need to put on my mask when I get out of the car.

# Getting My COVID-19 Vaccine

## CONNECT TO PROTECT

5

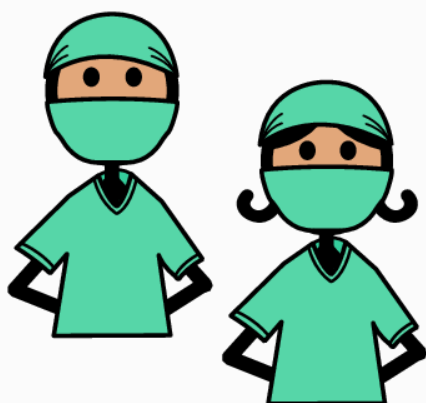

I will go into the building and check in by giving my name, birthday, and answering questions from the helper.

6

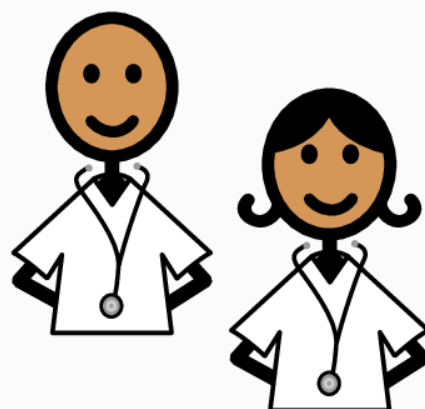

My family can help me check in. A helper will show me where to go. I will go with the helper and my family.

7

Helpers may be dressed up in gowns, gloves, masks, and face shields.

8

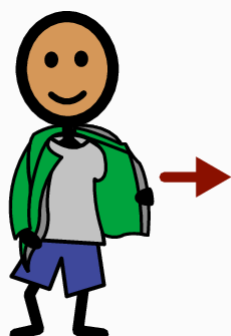

Even though I can't see their faces, the helpers are very happy to see me.

## CONNECT TO PROTECT

9

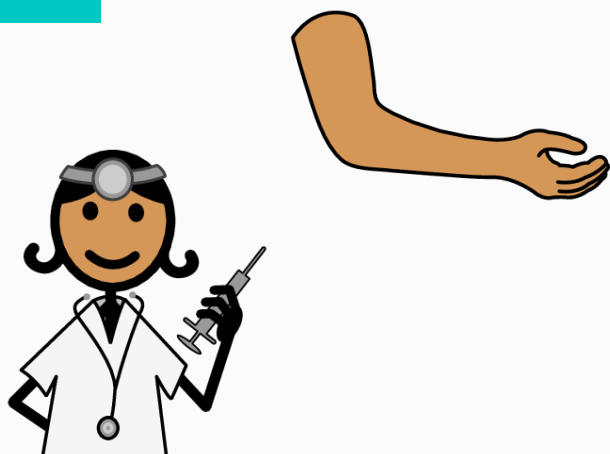

I will roll up my sleeve or take off my jacket when it is my turn.

10

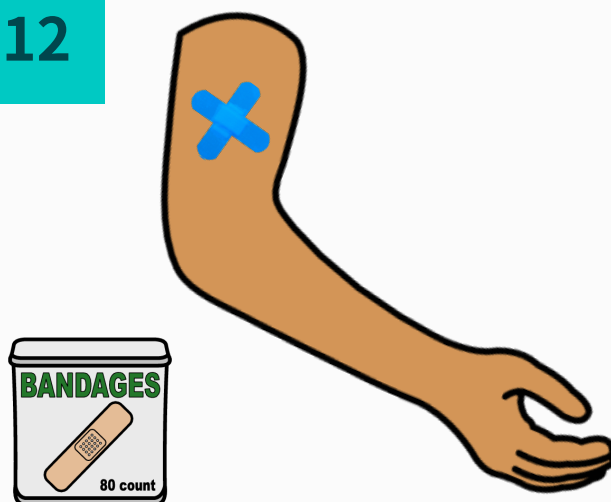

I will sit in a chair. I will try to stay still.

11

A nurse will give me the shot. I might feel a pinch when the needle goes into my arm.

12

The nurse will put a band-aid on my arm. My first vaccination is done!

# Getting My COVID-19 Vaccine

## CONNECT TO PROTECT

13

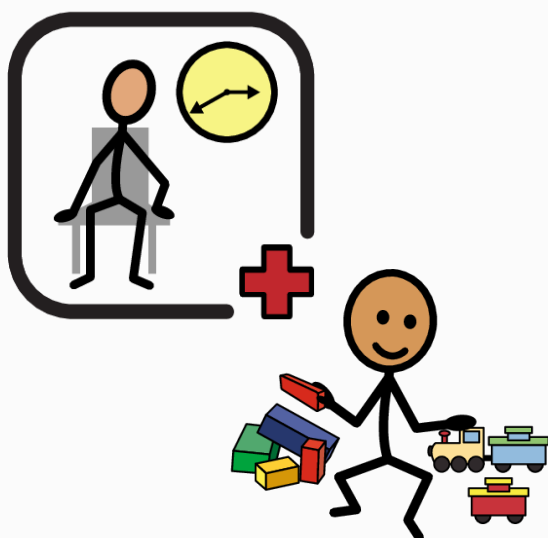

My family will be very happy that I am keeping myself from getting sick.

14

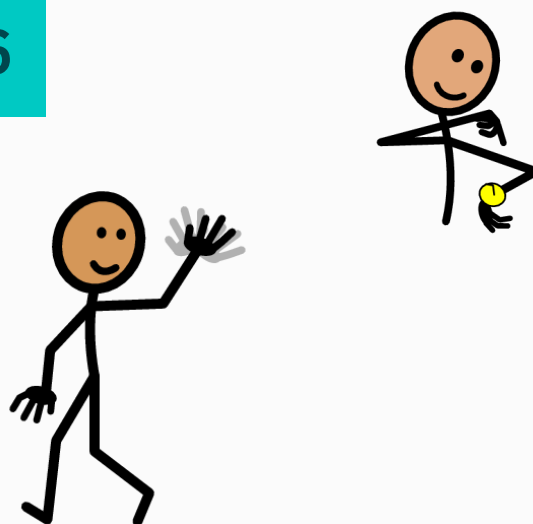

My helper will show me where to go next. I will stay at the Treffert Center for 15 minutes after my vaccination.

15

I can sit and wait, or explore the classroom and play with toys.

16

A helper will tell me when it is time to leave.

# Getting My COVID-19 Vaccine

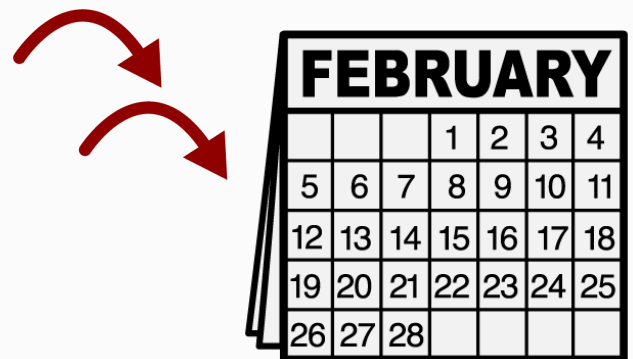

## CONNECT TO PROTECT

17

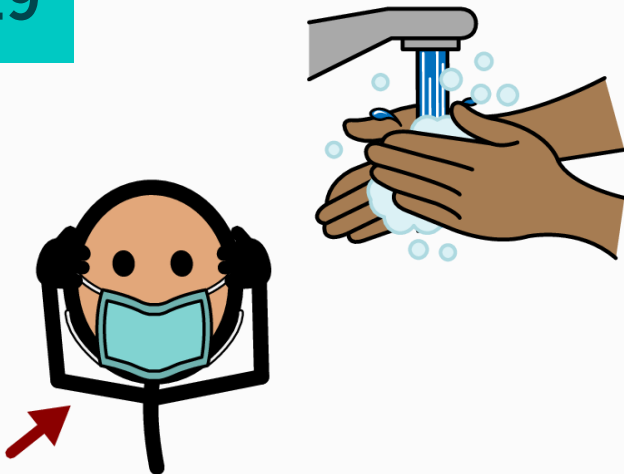

The vaccine will start to protect me from COVID-19 after my first vaccine.

18

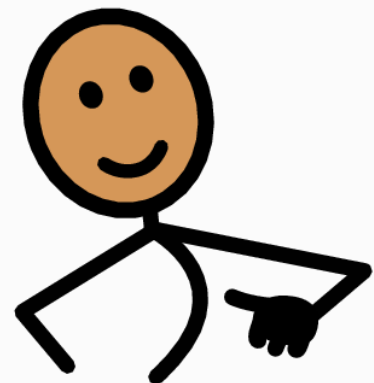

I need one more shot to stay healthy. I will come back for my second shot in three weeks on February 26th.

19

I can continue keep myself and others safe by wearing a mask and washing my hands.

20

I am proud of myself for getting the vaccine.
