

# Community Partner Contest

The Community Partner Contest is a fun way to foster team spirit and encourage an active lifestyle while supporting the Autism Society of Greater Wisconsin. Companies and organizations can form teams of employees, family members, clients, and/or others to participate in a friendly community competition.

Teams will earn points through:

- 1 point per mile run/walked/kayaked, etc.
- 1 point per 5 miles cycled
- 2 points for weekly challenge entry
- 3 points for each team member registered
- 5 points for every dollar fundraised

The Autism Society of Greater Wisconsin will tally points weekly and feature a Community Partner Contest leaderboard. Partners with the most points can earn prizes!

## How to Register

Designate a Team Captain to register. During registration, the captain will be prompted to join or create a Race Team and Fundraising Team. Create both teams with the same recognizable name for your company.

Email us at [mmcclowry@autismgreaterwi.org](mailto:mmcclowry@autismgreaterwi.org) to let us know you're in! We will adjust the URL of your team page to feature your company, and send you a link and personalized flyer to share with employees, clients, friends, etc.

Participants can't log activities until September 12, 2022 but you can build your team and start fundraising now! Share your link to invite team members, ask for donations, and show your commitment to your local community.
